

2023 NPS Academy Applications Open!

Connections

National Park Service Academy aims to support the development of a more representative NPS workforce by connecting dynamic, young adults through an experiential program designed around three themes – Connections, Diversity, Legacy. Through participation, members build their conservation ethic, intercultural awareness, and career readiness skills and competencies. NPS Academy introduces participants to the NPS Universal Competencies that are foundational to all NPS career paths within a cohort of like minded peers.

Diversity

NPS Academy has positions in these parks...
